

"Hello UB students, my name is Srikar Kolukuluri, and I am running for the position of University Council Student Representative. As your representative, I promise to advocate for the interests and concerns of all students at UB.

My platform includes:

1. Increasing transparency and communication between the University Council and students, by hosting town halls and providing regular updates on the Council's activities.
2. Advocating for more resources for mental health services on campus, to ensure that students have access to the support they need to succeed academically and personally.
3. Working to increase diversity and inclusion on campus, by collaborating with student groups and advocating for policies that promote equity and inclusivity.
4. Addressing food insecurity: Work with the university to implement a program that would provide free or low-cost meals to students experiencing food insecurity.
5. Supporting student organizations: Advocate for increased funding for student organizations and work with the administration to streamline the process for starting new student organizations.

I am a dedicated and hardworking individual with a passion for serving my community. If elected, I will work tirelessly to ensure that the voice of UB students is heard at the highest levels of the University. Thank you for your consideration."
